☰ Description   Edit

OVERVIEW:

This is a manual test to test the functionality of the Duel Duo game.

Links:

http://localhost:8000/

🔗 Module 6 Assessment | Devmountain Foundations

Test-Criteria:

Two High Level Tests:

- All styles are displayed correctly
- All buttons are clickable and works correctly

Two Low Level Tests:

- The counts for wins or losses or accurate
- "Add to Duo" button works and add the right bot
- "Remove from Duo" button works and remove the right bot
- "See All Bots" button is clickable and displays all the bots

Entry Criteria:

- the test-criteria provided.
- running version of application for testing
- computer and stable internet

Exit-criteria:

- all tests have passed.
- The allotted time is up.

Other details:

- environment: Windows 11
- Chrome is the recommended web browser, but other browsers are also acceptable.

TEST CASE 1 : "See All Bots" button [FAIL]

in list Duel Duo Manual Test 👁

Notifications

👁 Watching ✓

Description   Edit

This test will verify that the "See All Bots" button is clickable and accurately displays all the bots.

Steps:

- run the app using npm start (
- access the app on http://localhost:8000.
- move the mouse to "See All Bots" button
- click "See All Bots" button
- wait for all the bots to appear

Test Post-conditions:

- "See All Bots" button exists on the page & in the right style
- the "See All Bots" button should be responsive: 1) hover over the button will change color 2) click the button will display all bots

☰ Description
Edit

This test will verify that the "Draw" button is clickable, shows all available bots, and accurately allows the user to draw 2 bots.

Steps:

- run the app using npm start
- access the app on http://localhost:8000.
- move the mouse to "Draw" button
- click "Draw" button
- wait for all the available bots to appear
- the "Draw" button should now disappear

Test Post-conditions:

- "Draw" button exists on the page & in the right style
- the "Draw" button should be responsive: 1) hover over the button will change color 2) click the button will display all available bots 3) prompts the user to choose 2 bots for the duel

Manual Test Report:

date: 7/28/2023

operating system: Windows 11

Browser: Google Chrome

Test Notes:

- all test post-conditions work
- "Draw" button is shown on the page in blue color
- Button is responsive:
    - it changes color from blue to orange when hover over
    - it is clickable
- after clicking it, all the available bots are shown on screen and the user is prompted to choose 2.

⊞ **BUG REPORT #1: "See All Bots" button fails to display bots**

in list Duel Duo Manual Test

Notifications

👁 Watch

☰ **Description**   Edit

Report Summary: the "See All Bots" button fails to display all the bots when clicked.

Steps to reproduce:

- open Duel Duo application using npm start
- navigate to the "See All Bots" button
- click on the button

Expected Result:

- All available bots should be shown on screen after clicking this button.

Actual Result:

- Clicking on "See All Bots" button does not show all the available bots (see SeeAllBotserror1.png)
- when running "npm start" and clicking on "See All Bots", there is terminal message that "botsArr is not defined" (see SeeAllBotserror2.png)

Environment:

Operating system: Windows 11

Browser: Google Chrom
